

December Diguna camp

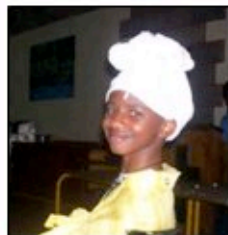

During the December school holiday, the students joined at Diguna for their annual Starfish Africa camp activity. The theme for the week was "Maximizing Your Potential." Read here what some students had to say...

I learned a lot, and I realized that I had been sitting on a whole lot of talent and potential

I feel nearer to God when I am at Diguna, and it's such a blessing that I am a member of Starfish

We had a day of African culture where we put on attire of a respective culture. It was interesting to see others in lions' skins

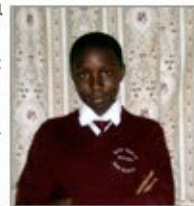

David Omondi taught me many things I never knew concerning choosing a career

January 2009

Meet Doreen! Class of 2009 Moi Girls Eldoret

Doreen is a charming example of the dedicated students that Starfish Africa seeks

to serve. She comes from Eldoret and joined SA in 2006 as a Form I student at Moi Girls Eldoret. Doreen went through an adjustment period her first year at school but has shown **nothing but improvement** since then. Throughout 2007 and 2008, Doreen has consistently finished each term in the **top 3% of her class** of 165. She is also active in inter-class competitive sports such as **handball, basketball and netball**.

In a recent letter to her SA sponsors, Doreen wrote,

I thank God because He helped me grow spiritually and learn a lot of new things both in the chapel and class. I also thank Him because He helped me improve not only in my marks but also in my position.

Lastly, I would like to thank all of you for being good to us. We do not take what you do for us for granted and may God bless all of you abundantly so that you may be able to help more people.

Student Selection & Annual Report

It's that time of year again! Field officer David Omondi has been traveling far and wide to screen applicants for SA's **newest class**. We have a promising field of talented and needy applicants and look forward to introducing you to the class of 2012! Please pray for **wisdom** as we complete the **selection process**.

This year Starfish Africa created its **first Annual Report**. Hopefully you have received an email about it; if not, this link will take you to it: [Annual Report](#). We stand at an exciting crossroads in our growth and are pleased at the opportunity to share our **milestones** and **musings** with our supporters.

The mission of Starfish Africa, as an organization motivated by Christian faith and desiring to answer the Biblical call to care for the less fortunate, is to transform the lives of talented African students by sponsoring their continued academic excellence at elite educational institutions, thereby equipping them with the skills required to transform their home communities, their countries, and their continent.
